FOR DONATIONS OF \$500+
(One line, Max. 25 characters including spaces)

"I encourage all district patrons to rally behind this community effort. Our district growth necessitates complexes at each of our high schools to establish campus settings for all school activities."

--**RUSS WEATHERS**, Campaign Co-Chair,
Former Liberty Mayor, 1980-1984
CEO, Agriculture Future Of America

"As a long time Liberty resident, retired Liberty teacher, and community participant, I fully support the District Activities Complexes. The proposed project would accommodate a number of student as well as community centered activities. It is not solely for athletics. In addition, it would contribute toward maintaining Liberty's reputation for a high quality school system. Any participation would be entirely voluntary and accomplished without adding to the tax burden of district residents."

--**JUARRENE HESTER**, Liberty Resident

"These complexes have been a long time in coming and I'm proud to be a part of this project. The schools and community benefits will be immense and long serve our students and patrons for years to come."

--**SHANE DAVOLT**, Campaign Co-Chair,
Co-Owner GM Peters Insurance, Liberty

"For over 20 years, the Liberty School District Foundation has proudly supported LPS by serving as the District's charitable partner. The District Activities Complexes will bring the LPS community together and will effectuate the Foundation's goal of positively impacting as many LPS students and patrons as possible. We are excited to help LPS elevate the excellence of District programs by supporting this vital project."

-- **HEATHER WOLESKY**
Chair, Board of Directors – Liberty School District Foundation

"The District is excited to support this important project for our community as a means to fulfill one of the recommendations in our Facilities Master Plan. While we have committed District funds to install turf at both high schools, the Plan recommends that a private fundraising campaign be developed to raise the monies necessary to construct the balance of both activity complexes. As we work closely with the Liberty School District Foundation over the coming months, we are hopeful that this project will generate interest from our patrons as well as our local business and civic leaders and will prove to be a successful private-public partnership for our community."

--**DR. M JEREMY TUCKER**
Superintendent of Schools
